Your Special Enrollment Rights Under HIPAA

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing towards your or your dependents' other coverage). However, you must request enrollment within 30 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

If you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, adoption, or placement for adoption. You may have additional enrollment rights under applicable state law. For example, in Minnesota the notification period for dependent children is not limited to 30 days for newborns or children newly adopted or newly placed for adoption; however, Medica encourages you to request enrollment within 30 days.

If you or your dependents have lost coverage under Medicaid or a State Children's Health Insurance Plan (SCHIP), you may be able to enroll yourself and/or your dependents in this plan. However, you must request enrollment within 60 days after your or your dependents' other coverage ends.

In addition, if you or your dependents become eligible for group health plan premium assistance provided by the Medicaid or SCHIP program, you may be able to enroll yourself and/or your dependents in this plan. You must request enrollment within 60 days after the date you or your dependents are determined to be eligible for premium assistance.
